VOLUME 23 — NUMBER 2

Ingenuity at Work

Health Hazard At SW Eighth Street-Ave. C. Eliminated; Utility And Beauty Result

TOP — Mr. Willis is standing near forms set in the existing canal, after it has been shaped.

CENTER — The crew which has actually built the culvert including the portion south of Avenue E. Except for two or three prisoners to do the laborer portion of the work, this crew has followed Mr. Willis' plans and specifications.

LOWER — A street crossing: Note lowered portion for street to cross the heavily reinforced top of the culvert. Also see openings for entrance of drain pipes from the side.

When finished the top of the culvert serves as a walk-way with a traffic lane on each side.

Utility, beauty and elimination of health hazard and more efficient functioning of the drainage functions of the waterway are the result.

BELLE GLADE, FLORIDA SEPT. 5, 1963

SINGLE COPY -- 10c -- SUBSCRIPTION -- \$3.00 PER YEAR

Your Vote On Sewerage Extension

We believe we have reliable information and that a "YES" Tuesday will assure the following:

(1) Fresh water from a deep hole which will assure the best water obtainable from the Lake; (2) 85 percent of the area and 85 percent of the population of the City will be served by a sewerage line.

(3) That the cost to present users of sewerage will not be more and will be more equitable overall; and that new users will pay the same rate as old users.

(4) That the overall financing for the new and the present bonds which will be revenue bonds will be at a lesser percentage than now paid.

(5) That the saving is practical by this greater use of a plant which is now operating at 25 percent capacity.

BE SURE TO VOTE on your sewerage and water question!

Junior-Senior PTA

Teachers Reception

The Belle Glade Junior-Senior High School PTA will give a reception for teachers at 8 o'clock Monday night in the High School cafeteria. All parents with children in grade 7-12 should attend to welcome new teachers, as well as those remaining from last year.

Officers for the year are: President, Mr. Don Fisher; 1st Vice President, Mr. Emil Wolf; 2nd Vice President, Mrs. Jane

(Continued on Page 2)

4,427 Pupils Register In So. Glades Seasonal High Expected In 30 Days

MISS MARGARET WEST, center, is registering in first-year students at Bole Glade, while nervous mothers await their turn. The youngsters appear indifferent, wondering, interested, and highly pleased. Mrs. Bill Rhodes seems not quite sure just how young Brad will react, when his time comes to "step forward."

some 10 to 20 percent over pre-completion of the Junior High figures, of 4,427 pupils.

Lake Shore, Elementary and Lake Shore High expect a 30 to 30 percent increase in registration from the middle of the session on; Osceola expects a repetition of last year's increase of about 50 percent from mid-session on.

Returning families which have been delayed are expected to bring the season total registration in the schools of the South Bay-Belle Glade area up

about 10 to 20 percent over pre-completion of the Junior High figures, of 4,427 pupils.

Junior High Principal Herman Close, Elementary Principal Carl Crawford, Belle Glade Principal Pellow Morris and other principals report that the roster of teachers is about completed for the year.

South Bay all Time High

South Bay's registration of 231 on the first day is an increase of 26 over last year's first day figures.

Rosenwald has an increase of 47 to 370 for this year.

Glades Students Off To College

Belle Glade last — at least temporarily — a whole flock of its young people the past week as many of them left to enroll in various colleges, with more leaving during this week.

Information gleaned by The Herald on who and where the community's college and church affiliation or church preference of unaffiliated.

When asked the reason for the survey a spokesman for the Ministry of Education said,

"The Glades Ministers' Association will conduct a census and survey of our community on Sunday afternoon from 1:30 until 4:30."

The Rev. William Beland, president of the association, is asking all citizens of Belle Glade to cooperate in this undertaking by welcoming the volunteer worker when he calls. The worker will be identified by a blue shirt and a name tag which will display the chairman of the census and survey, the Rev. Luther A. Key who has announced that each person can participate in the survey and the survey will be in his own native language — Vietnamese, Cambodian, French and English.

In an effort to locate and pinpoint the unchurched in our town, volunteer workers from the coordinating church of the Glades Ministers' Association will conduct a census and survey of our community on Sunday afternoon from 1:30 until 4:30.

The Rev. William Beland, president of the association, is asking all citizens of Belle Glade to cooperate in this undertaking by welcoming the volunteer worker when he calls. The worker will be identified by a blue shirt and a name tag which will display the chairman of the census and survey, the Rev. Luther A. Key who has announced that each person can participate in the survey and the survey will be in his own native language — Vietnamese, Cambodian, French and English.

A visitor at the Everglades Experiment Station is Chau Van Khe, a Vietnamese. Mr. Khe is an AID participant attending the University of Florida. He is studying Agricultural Engineering and is working toward his master's degree.

Mr. Khe first attended the Chinese University, Clemens S. C. when he arrived in the United States in 1959. After studying there for one and a half years, he transferred to the University of Florida.

He will continue his studies there until August 1964 when he will return to his country.

While Mr. Khe is at the Experiment Station this week, he will be with Dr. R. E. Biever, USDA Agricultural Engineer; and T. W. Casselman, State Engineer.

Poston Cites Savings & Loan Growth In \$100 Billion Goal Nationally

Richard A. (Dick) Poston, Executive Vice President of the Executive Association of the Savings and Loan Association, is commenting on the proposed month-long celebration of the passage of \$100 billion in savings and loan assets by the US, said: "Our organization, which will recognize the month of September as the month of this year, ranks high in its contribution with its growth from less than \$2,500 in assets in '33 to the present \$20, and one-fourth millions in assets."

"The very rapid postwar growth of the savings and loan system illustrates the vital contribution which these institutions have made in helping millions of Americans to purchase their own home while at the same time consistently offering the highest return for public savings of any financial institution in the US."

"The nationwide savings and loan system has grown nearly 12 times since the end of World War II, from total assets of \$8.7 billion at the end of 1945 to the present \$100 billion in assets."

"The 128 savings and loan associations in Florida have experienced comparable growth and at the end of 1962 held \$4.3 billion in total assets. Their growth has been steady and is currently being used to finance approximately 45 percent of all the new and existing home purchases in the state."

"Total savings held by these associations climbed from \$2.7 million at the end of 1945 to \$3.8 billion at the end of 1962. In the

County Has 2 1/4 Cars For Each Pupil

Palm Beach County lost 0.4 percent in population in the 1960-61 period, it gained 3.6 percent in motel units, and gained 8.2 percent in the number of automobiles — 117,289.

The county gained 8.3 percent in public school enrollment for a total of 49,765.

A gain of 30 percent was experienced for the same period in savings and loan accounts to a total of \$230,285,000.

Brevard County was No. 1 in percentage gain in school population to 30,950. Collier was number two with a gain of 4.843, the dairy business helped Okeechobee to third place with a gain of 8.6 percent to 2,226 pupils.

Brevard county had first place, percentagewise in cars — 15 percent for 61,870; Charlotte came up with No. 2 place — 14 percent for a total of 8,778; Martin upped her percentage by 8.9 percent to 8,988 cars.

Palm Beach County has every one-fourth autos for every school child.

Your Red Cross Advises: Always reduce speed in an anchorage or when near other boats. It's not only the safe but the courteous thing to do.

**Start the school year right
...with proper**

LIGHT

Your children's study areas are particularly important because poor light here is likely to cause fatigue, eye-strain and poor concentration. Turn off the house lights. Do away with dimness, glare or harsh shadows... proper lighting and better school grades often go together.

Home study conditions don't have to be expensive or elaborate. Just follow these simple tips:

Study desks or tables should be against a light-tinted wall. If walls are dark, place a

PCPA Increases Staff In Glades

Kerie E. Palmer

"Realizing that this association will be called on more and more to serve the expanding agricultural enterprises in the Okeechobee and Glades area, another representative has been added to the Belle Glade office staff," said Farmers Production Credit Association, in an announcement.

Mr. Palmer is a native of Oklahoma and a graduate BS in Agriculture, with Animal Husbandry as a major.

Following a two year hitch on active duty as an infantry officer, Mr. Palmer served with the Extension Service as Assistant Agent in St. Lucie County. Training in FCA was undertaken by Palmer at the Intermediate Credit Bank in Columbia.

The Palmer family, wife, Raylene, and Sue, Marie, Eugene Jr., 6, and Dennis, 4, recently moved to 1360 1/2 W. Ave. D. Church affiliations of the Palmers are the First Baptist Church of Belle Glade.

Hunting

Game In Florida A Natural Harvest

Ever since man's first ancestor threw a stone and brought down a wild animal man has found the harvest of animal wildlife a natural event. Early Indians used stone tools and made a kill in the collection of meat. Over the years these tools of the "harvest" became more sophisticated. Cross bows, long bows, single shot muzzle-loaders — they all had a place.

But think of the odds against the modern day. In Florida the annual excursion into the back country is similar to preparation for war. It is quite likely ancient kings would have paid a good price for the modern fire power taken into the woods after a deer.

Huge swamp buggies overloaded with camping gear, provisions, and ammunition take the Twentieth Century Nymph into the most remote areas, where they usually bring back the game.

The animal wildlife of the Sunshine State is another of the great attractions of the state. The animal that writer, country boy, feels a bit uneasy when he realizes a good many natural gifts Florida has received. Placing the state in comparison with others, it is readily understandable why so many people are coming to Florida.

The Florida hunter can hunt a number of wildlife species. He can choose from a selection of birds such as quail and turkey. If he wants larger game, he can hunt deer and/or wild hog. If he is interested in smaller game, he can hunt all woodland areas abound in rabbit and squirrel. Then there is the marsh hen, duck, and even the Canadian Goose — a variety which should please most hunters.

However, these animals which are a source of recreation and the basis of a part of Florida's many faceted service industry, need some consideration. Thought must be given to the future of some management areas increasing in number throughout the state in an effort to provide proper management for these wildlife species.

Such areas and laws governing the hunting seasons and bag limits must be understood in order to have a good harvest of wildlife and at the same time provide for the coming seasons. The harvest is natural and the game animals will naturally replenish their number with a little assistance.

Junior-Senior PTA (Continued From Page 1)

Evens: Corresponding Secretary, Mrs. Charles Haines, Recording Secretary, Mrs. Junius Harris; Treasurer, Mr. Harold Zampini.

The following committees have been assigned: Program Chairman, Mrs. Floyd Wilder, Hospitality Chairman, Mrs. Jane Evans, Juvenile Protection Chairman, Mrs. V. Green Chastain, and Spiritual Chairman, Mrs. O'Neal Walker.

There are some committees which still have to be appointed.

Mr. Wolf has many interesting and important programs lined up for the year. These programs cover such items as bond issue, juvenile delinquency, and vocational training. The meetings will be on the second Monday for each month at the High School Cafeteria.

Mrs. Wilder will be present at the reception to write up subscriptions for membership for any parent or teacher who wishes to join. Individuals can not purchase or solve a particular problem, but as members of the International Association of Parents and Teachers, it can be accomplished. Let's all join our PTA to help make this a better community in which to live.

Your Red Cross Advises: Never smoke while handling gasoline for your outboard motor on land or water.

Oh yes, experience IS a good teacher, son. It ought to be. Look what it costs.

Nothing is ALL wrong. A stopped clock is RIGHT twice every day.

THE S. S. HOPE. The 15,000-ton white hospital ship, pictured above in Saigon, South Viet Nam, is currently undergoing overhaul and repair preparatory to her third voyage scheduled to commence late in the Fall. During previous visits to Indonesia, South Viet Nam and Peru, more than 500 volunteer physicians, dentists, nurses and paramedical personnel have trained some 1,700 local doctors and nurses, performed over 4,000 major operations and immunized nearly half a million people.

Headquarters for Project HOPE, a non-profit organization, in Washington, D. C.

It was one of the finest welcomes ever rendered by New York City to a visiting ship.

Police Department and Coast Guard helicopters hovered near by as spectators on the gleaming white vessel as she moved slowly past the Statue of Liberty; ships in the harbor blew whistles and sirens in greeting.

On last March 11, the white hospital ship S. S. HOPE concluded a ten-month visit to

Peru and returned to New York to the salutes and applause of millions.

Within hours after her arrival she moved quietly across the Hudson River to Hoboken, New Jersey, to begin a lengthy period of evaluation and planning.

Even as the workman climbed aboard her to begin their work preparations were underway for the next voyage of the S. S. HOPE to an undeveloped area of medical personnel have been trained in American Medical techniques and procedures by the American staff. Thus, when the S. S. HOPE leaves a country, she leaves a legacy of knowledge to stay, a "legacy of learning" is left behind and the people are better able to help themselves.

The reaction of the people of the lands visited by the ship in Peru, when the people in the northwestern region had been pro-Castro when the ship arrived and greeted its arrival

with cordless and distinguished, 4,000 major operations have been performed in the ship's operating rooms and nearly half a million people have been examined, immunized aboard ship and in outpatient clinics established in nearly 100 towns.

Project HOPE is the S. S. HOPE and her medical staff, however, is the teaching and training of local medical personnel. To date, nearly 1,700 students have been trained in 100 to 120 undeveloped areas of medical personnel have been trained in American Medical techniques and procedures by the American staff. Thus, when the S. S. HOPE leaves a country, she leaves a legacy of knowledge to stay, a "legacy of learning" is left behind and the people are better able to help themselves.

The reaction of the people of the lands visited by the ship in Peru, when the people in the northwestern region had been pro-Castro when the ship arrived and greeted its arrival

United Socialist Soviet Republic

By Luther Jones

There are twenty "States" in the Republic; more than 100 tongues are spoken.

Russia is only one of the 20 Republics; Moscow is the capital and source of all authority; from a history of 1 to 2,000 years of servitude to some authority, Russians go along apparently with a shrug.

In Georgia, Poland and Hungary the respect for authority seems to lessen progressively.

An educated Hungarian, the wife of a Pediatrician, serving as a Guide for the State travel authority, says with some feeling, "We are with Russia because they saved us from the Germans."

Her husband's salary of approximately \$125 per month for five hours of service to the State for six days a week is insufficient to care for the family which includes two boys, 9 and 12. Then as a servant of the State she has certain fringe benefits that allow her to take her two boys and husband on plane trips to other countries, as well as other benefits not mentioned.

A United Press International Correspondent, Ilona Gaudz in Budapest the mother of a 19-year-old son, is the wife of an ophthalmologist, and less consistent in answering questions according to the "book" that the pediatrician's wife — she apparently gives correct answers.

She tells you frankly — both of them, for that matter — "I have seen children starving and with no home, no school, no doctors, no hospitals, no job and no future. Now we have them all — Do you blame us?"

In Russia EVERYTHING is state owned — land, buildings, machinery, roadside stands, and whatever is produced.

On farms, a family may use up to one and one-half acres for whatever they wish; they may have one or two cows, a couple of pigs, some chickens, etc.

In Moscow some latitude is allowed, but not in Sunday School where children may be taught. Only the PIONEER Clubs are allowed to teach groups of children anything, other than in State run schools.

These Pioneer Clubs flourish throughout Communist controlled countries we visited.

Private ownership of property is recognized in Georgia, Poland and Hungary, and Collective farms are being pushed where State farms are not desired.

These countries are from 60 to 95 percent Catholic.

Collective farms — reportedly similar to our Cooperatives — are under the thumb of the State, and transfer of property is legally allowed but practically non-existent.

State farms hire workers with a puny incentive for exceeding the task.

Slavery by the State is the proper description. BY THE STATE, OF THE STATE, FOR THE STATE, is the basis and the ultimate goal. YET, apparently these people have never had it SO GOOD!

Our quarrel with Communism is not with the people, but with the less than 5 percent in authority who are trying, and will continue to try to CRAM IT DOWN OUR THROATS.

You and you, AND YOU, had better stop long enough to

DRIVE A RACE WINNER AT YOUR FORD DEALER'S

Drive and buy Ford's Total Performance! It's more than just race power... it's real durability!

Get a money-saving victory celebration buy on a winning Super Torino Ford fastback hardtop... same model that won 1-8-3 in the recent Firecracker 400 at Daytona. Swept 1st through 5th places in the Daytona 500! Took 1st place in the Riverside 500, Charlotte 600, Atlanta 500 and other tests of total performance.

Win huge savings now on our new Fairlane Powered by the same basic Fairlane V-8 that made race history on straight gasoline in the Indianapolis 500. Remember, it takes more than simple race power to win these tough road-race events — takes braking power, steering, road-holding power, and above all durability and staying power!

Join the winners' circle in a new Falcon fastback... same model that won its class 1-2-3 in the world-famous Monte Carlo Rally. Won the coveted Manufacturers Team Award in the rugged Shell 4000 Rally across Canada... this continent's toughest test of car endurance. And won its class in the Mobil Economy Run!

Martha Faye Davidson Awarded Bachelor Of Arts Degree

Martha Faye Davidson, daughter of Mr. and Mrs. A. P. Davidson, Jr., of 240 S. W. Avenue A in Belle Glade received a Bachelor of Arts degree Friday, Aug. 23, from Baylor University.

Mrs. Davidson was a psychology major and a music education minor.

President Abner V. McCall and Registrar Alton B. Lee conferred the degree.

Commencement speaker was Mrs. E. E. Wendt Gayer, Administrator of Baptist Mem-

World Neighbors

Topic Of WSCS

The Woman's Society of Christian Service general meeting was held at the First Baptist Church in Belle Glade.

The president presided at the business session and brought to attention the study book Seminars of September 19th at Stuart and Sept. 26th at First Baptist Church in Belle Glade.

The September Executive meeting to be held at Mrs. Abel's home with Mrs. H. C. Post as co-hosts.

The Star Circle will be hostess and chair of the September general meeting with Mrs. W. P. Jerrigan, the District President, presenting the program. Mrs. F. C. Schoenfeld, Chairman of the local unit, reported the Society served the Monday night supper for Youth Week Activities and would also be responsible for the Friday night supper.

Cookies and cake were served during the social time prior to the meeting.

CARD OF THANKS

The family of Florence Gregory would like to express their thanks for the food and favors and kindness to each one of their neighbors, friends and everyone, especially our thanks to Bro. Johns of the Chosen People Church and the ladies who set up and helped us, during our time of need. God bless each and everyone who was so good and kind during this time and our blessing goes to the nurse of the Belle Glade Memorial Hospital for their help and kindness during all Mrs. Gregory's illness.

Morning Coffee Shower Honors

Mrs. Tommy Mann

Mrs. Tommy Mann was complimented with a happy shower at the home of Mrs. Frank C. Anderson Wednesday morning, August 28.

The morning table for the showering coffee shower was covered with a cut-work cloth, centered with a stork figurine.

Mrs. Mann, the former Kay Law, was presented with many lovely and useful gifts for the baby to be.

Hostesses were Mrs. Frank C. Anderson, Miss Pat Arderson and Mrs. W. Jones.

Several Families Enjoy Camping

Several families and their guests in the Belle Glade-South Bay area had a fine time camping out and fishing and swimming at Salerno Beach Friday and Saturday.

Enjoying the outing were the Green Bair family, Bozo Green family, Mrs. Faye Green, Henry Bair, Bozo Bair and family, of Winter Park, Perry Rigdon family, of Belle Glade and family, Mrs. T. C. Dukes family of Tampa, and the Johnnys Prevatt family of South Bay.

The only happening that marred the trip was Mr. Henry Bair's car being damaged. Mr. Jack and Jane Rasley came back before dawn Sunday a. m. and put her father in Belle Glade Memorial Hospital. As of Tuesday, he was resting better.

They made the trip out thru the west to Montana and up the Alcan Highway. In Anchorage they visited Mrs. Doris Johnson, formerly Doris Wells of Beaumont.

Rogers-Robertson Engagement Told

Mary Ruth Rogers

Mrs. W. W. Bailey of Lake Harbor, Florida, announces the forthcoming marriage of her daughter, Mary Ruth Rogers, to Claude Benjamin Robertson of Key West, Florida.

The event to be held at Belle Glade Community Center, will be in a polished luncheon room at 12:30, Saturday, Sept. 7.

Sept. 12

Area Garden Clubs Will Be Guests Of Belle Glade Club

The Belle Glade Garden Club will hostess to all the Glades Garden Clubs from the Glades and surrounding areas. Since the University's founding, more than 33,000 students have received degrees.

The presentations will be made by Mr. Kenneth Shantz, of Delray Beach, who will give a talk on gardening care of the plants and landscaping designs.

The event to be held at Belle Glade Community Center, will be in a polished luncheon room at 12:30, Saturday, Sept. 7.

Mrs. C. Gregory Buried Saturday

Funeral services for Mrs. Florence C. Gregory, 61, of 162 W. Ave. C, Belle Glade, who died at the Glades Memorial Hospital after an extended illness August 28 were conducted Saturday at 10 a. m. at First Missionary Baptist Church of Belle Glade.

The service was held at the First Missionary Baptist Church of Belle Glade. Interment was at Belle Glade High School and is now serving in the U. S. Naval Ordnance Unit in Key West, Florida. The couple has planned a mid-December wedding.

Mrs. Pat Davis Honored At Misc. Bridal Shower

A miscellaneous bridal calling shower was given for Mrs. Pat Davis, 21, of 162 W. Ave. C, Belle Glade, on Saturday, Aug. 24, at the home of Mrs. E. W. Broome, 729 North Main.

Co-hostesses for the Wednesday afternoon event were Mrs. E. W. Broome, Mrs. Karen Brummet, Mrs. Karen Gove, Mrs. Charles Wilson, Miss Becky Mae Key.

The refreshment table, overlaid with a white cloth, was decked out in pink and red and white bobbies.

The hostesses presented the guest of honor with a corsage of pink roses and the honoree's mother, Mrs. W. S. Poole, a bouquet of pink carnations. Over thirty guests attended from 3:00 to 5:00 o'clock.

Footballers

8 To 11 Year-Olds Punt, Pass & Kick In Contest For National Championships

Belle Glade South Bay, Lake will visit Washington, D. C., Larbo area grade school boys from eight through 11 can pit their football skills against thousands of other boys throughout the nation in a punted and kicked Punt, Pass and Kick competition which will culminate with a trip to Washington, D. C., for a White House tour, ten to Dearborn, Michigan, and then an amateur football competition game for the top eight winners.

Sponsored nationally by the Ford Division of Ford Motor Company and the National Football League, the Punt, Pass and Kick Competition, PP&K, will be staged in Belle Glade by Everglades Motor Co. as the registration headquarters.

Youths will be tested for their ability to punt, pass and kick (using a kicking tee) footballs and save the best, thousands of other boys all over the country, with warm-up jackets, football helmets and autographed footballs to be given as first, second and third prizes for each age group. The eight area winners in all States throughout the state will be compared to determine the four top Florida winners, and these scores compared to determine the most skillful eight, nine, 10 and 11-year-old boys displaying football stars in each of the areas covered by the telecasts of the 14 National Football League teams.

Area winners and their fathers and mothers will receive all-expense-paid trips to a National PP&K competition during their areas and will compete during half-time, to determine the four top Eastern Division winners and four top Western Division winners. These eight boys accompanied by their parents,

Chefs Prepare Barbecue For Boat-A-Caders

CHIEF COOKS AT WORK — Five-year old Kathy Ray Lee watches her daddy, Chamber of Commerce president, Bob Lee, as he "batters up" chicken for the Okeechobee Waterway barbecue hosted by the Chamber and City here last Saturday. Port chairman Avery Bass (center) and Chief Charlie Goodlett were the principals in arranging, directing and doing the work to feed over 350 guests and local folks attending. "We were well pleased with the turnout," Bass reported. "We believe everyone had a good time on their stop-over here — they seemed to enjoy the food, hospitality and entertainment."

Russia Could Pass Us In Agriculture Commissioner Doyle Conner Reports

"Russia could pass us in agricultural production unless Americans change their complacent attitude toward agriculture," Florida Commissioners of Agriculture Doyle Conner and Dr. W. Douglas Wilson, General for the Cotton and Cordage Fibers Branch, Everglades Experiment Station, Belle Glade, said. A frequent visitor to this area,

Conner made the comment in talk at the Florida Turfgrass Association's annual banquet. Russia will soon have the largest farms in the world, he emphasized. "With initiative, the Russian people are capable of making Soviet agriculture extremely effective."

Conner explained the Russian farmer is allowed to maintain two and one-half acres for his personal use. Forty-five percent of the land in the Soviet Union is cultivated. Agricultural products are now produced on these farms. "If the Soviet farmers should obtain the same incentive in the production of products on collective farms, they could possibly catch up with us in 10 to 15 years," Conner stressed.

In view of these facts and the high rate of starvation in the world today, the commissioner inferred that the American public's attitude toward agricultural abundance is wrong.

This was the first account of Conner's recent tour behind the Iron Curtain with 50 Florida agricultural leaders.

Thursday concluded the three day Turfgrass Association conference which had a record registration of nearly 500 golf course, playfield, park and cemetery superintendents, nurserymen, garden supply dealers and horticultural spraymen.

One of the most significant research studies being conducted by the Everglades Experiment Station concerns the use of chemicals to retard the growth of grass. According to Jack Cabler, assistant ornamental horticulturist with the Florida Agricultural Experiment Station, the use of growth retardants appears very promising and after several more years of testing may be available for the homeowner. "It has also been found growth retardants help reduce grass in shade," Cabler pointed out.

Recent research also reveals lawns fertilized with organic nitrogen are less susceptible to chinch bug damage than those fertilized with chemical nitrogen. Dr. G. R. Horn, soil scientist, and Dr. W. L. Pritchett, soils technologist both of the Agricultural Experiment Stations, explain they believe grass treated with organic nitrogen is less susceptible to chinch bug damage because organic fertilizers act more slowly

You must be accompanied by a parent or legal guardian to register. (Registration closes October 11.)

WIN . . . an official NFL team warm-up jacket! A regulation football autographed by the champion NFL punters, passers and kickers. State winners and runners-up get trophies. A junior-size NFL uniform—for Area winners to wear when they travel (Mom and Dad go, too!) to compete in Division competition during NFL games!

FOR TOP WINNERS . . . a "Tour of Champions" (with both parents) to the White House, then to Dearborn, Michigan, and then to the 1963 NFL Championship game to compete for national PP&K honors!

Sound great? It is! So sign up today. And bring your buddies. You'll all have the time of your life!

REGISTER NOW! GET FREE!

A helpful Punt, Pass & Kick instruction folder written by Tommy Davis, Bart Starr and Don Chandler! PLUS an "Action-Picture" ring. AND, a 1963 Ford Televiewer—handy guide with line-ups for the NFL teams on TV this fall!

"Out Of This World" Local Boys Describe U Of I Assembly Hall

BELLE GLADE'S VICTOR RIEDEL AND GLENN WOLF, members of Scout Troop 621, were among the over 3500 "Arrowmen" attending the 48th Anniversary National Conference held the last of August at the University of Illinois Assembly Hall pictured above.

"Catch The Higher Vision" Theme Of "Arrowmen" Nat'l Conference

By Glenn Wolfe
Local Boy Scout writer
was the theme of the 48th Anniversary National Conference of Order of the Arrow Aug. 20-23 at U. of Illinois. Highlights of the conference were a pageant of Indian dances put on by O. A. Lodges, a variety show of Scout talent enacted by

Miss Illinois of 1963, and a Glade Scout could attend six of the twenty-five discussion groups and workshops offered. Here, members talked over national policies, lodge problems, and Order of the Arrow's relationship to the Boy Scout movement.

Twenty-two scouts from GULFSTREAM Council's As-Pa-Tah Lodge attended, along with Victor Riedel and Glenn Wolf, from Troop 621 of Belle

Glade.

Twenty-two scouts from GULFSTREAM Council's As-Pa-Tah Lodge attended, along with Victor Riedel and Glenn Wolf, from Troop 621 of Belle

Glade. Scout could attend six of the twenty-five discussion groups and workshops offered. Here, members talked over national policies, lodge problems, and Order of the Arrow's relationship to the Boy Scout movement.

Over 3500 "Arrowmen" were registered, and visiting visitors for the Indian Pageant and the Variety Show brought the audience to 7000 people. The O. A. Conference was the first group to use the new 1000-seat Flying-saucer-shaped assembly hall and found they filled only a fraction of it's near — 30,000 seats.

Part of the program of the Order of the Arrow is the preservation of our land's rich American Indian Heritage. The motto of the Order of the Arrow is to serve Scouting. Top honors in the Indian pageant went to a Lodge from Seattle, Wash. O-Shot-Caw Lodge of the Blackfeet. Florida visitors for the most authentic and the most interesting performance with a Seminole hunting dance which they had learned directly from the Indians.

Educational exhibits included national Scout opportunities, training and trip areas, atomic and space-age information, and Indian costume.

Outdoor camping programs were an "Olympic" competition and a campcraft fair display under tent flies, where

members clubs to continue their efforts in helping education, health, and welfare in their communities. The program was made in each state. One goes to the club with the best education program in a community of 10,000 or more; the other to the club with the best program in a rural area or community of less than 10,000.

The cash awards, provided by Shell Oil Company, were won by winning clubs to make their education programs even better.

Winning clubs in Florida in 1963 were the Jacksonville and Fort Lauderdale Women's clubs. Any federated women's club is eligible for the GFWC-Shell Oil Company Education award. Judging is done state by state. Judges are the state scholarship chairman and two prominent educators.

Educational exhibits included national Scout opportunities, training and trip areas, atomic and space-age information, and Indian costume.

Outdoor camping programs were an "Olympic" competition and a campcraft fair display under tent flies, where

"The Pool Was Great Fun For Hot Summer Days!"

SCHOOL DAYS HAVE CHANGED ALL OF THAT . . . Belle Glade Municipal Pools, that provided good entertainment and exercise all summer, closed last Sunday, Sept. 1, to the public to be readied for use in school athletic programs. Pictured above are, from front to back: Phillip Green, Eddie Whillock, Noel Fuller, Margaret Rica, Lucy Garcia, Kathy Thomas, Raymond Bussey, Beth Bussey and Chuck Anderson.

Local Pathologists Attend Amherst Meet

Dr. Thomas Summers, Dr. Paul Thayer, and Dr. Cornelis Welburg, Pathologists at the Everglades Experiment Station in Belle Glade, attended the meeting of the American Institute of Biological Sciences at Amherst, Massachusetts, August 28-29.

Dr. Summers, who works with the Cotton and Cordage Fibers

Your Red Cross Advises: Wait awhile after eating before swimming (preferably one to two hours.)

Branch of the United States Department of Agriculture presented a paper "Effect of Fertilizer and Soil Fungicides on the Pythium Sporangium in South Florida" at the Phythophyt meeting.

He also visited the Experiment Station in Tifton, Ga., where some experiments on long vegetable fiber plants are being conducted.

Dr. Summers checked these

experiments to see if any diseases were prevalent.

Dr. Thayer and Welburg, Florida State employees, gave a paper jointly titled "A Message for Evaluating Soil Fungicides."

Wm. (Bill) GRABER

Candidate for
Commissioner

West Borough

Pull Lever

In My 22 years residences in THE GLADES as a FARMER and VEGETABLE BROKER, I have furnished employment to hundreds of local citizens.

My interests have been as a home owner, and a family man whose children had the advantage of Belle Glade public schools.

My business activities have been well rounded, and brought me in close contact with the ever increasing needs of this growing community.

My present business — Owner and operator of the Sinclair Service Station — brings me closer to the City's needs and opportunities daily.

I believe I might contribute my experience and business abilities to the City's progress and welfare.

With this thought, I am offering my services as COMMISSIONER from WEST BOROUGH and will appreciate the vote of the public.

I can only promise to work and vote, as a member of the Commission, for

THE BEST INTERESTS OF BELLE GLADE!

Robert Louis Stevenson once observed, "Politics is perhaps the only profession for which no preparation is necessary." To this the hero of **NOON ON THE THIRD DAY** replies, "... the trouble with

Fiber Geneticist

With USDA Resigns

Dr. Margaret V. Menzel, Geneticist with the United States Department of Agriculture, resigned from the government on Aug. 1 to accept a position on the staff of Florida State University. Dr. Menzel resides in Tallahassee, but she has been conducting research cooperatively for a number of years with Dr. D. Wilson, Geneticist for the Cotton and Cordage Fibers Club, Everglades Experiment Station, Belle Glade. She is a frequent visitor to this area.

Dr. Menzel has contributed greatly to our understanding of the chromosome situation in our breeding programs for Sansevieria and Kenaf. She has written several publications jointly with Dr. D. Wilson, Experiment Station staff members. Two of her papers, written jointly with Dr. Wilson, are "Cytovascular Relationships in Hibiscus Section Furiaria and Chromosome Variation in Hibiscus Section Hibiscus, CANNABINUS, H. ACETOSELLA, and H. RADICATUS." Both were published in the American Journal of Botany. Dr. Menzel's and Dr. Wilson's last publication, "Cytovascular Relationships of Two Species of Hibiscus Section Furiaria," also published in the American Journal of Botany.

The breeding experiments of Dr. Menzel's and Dr. Wilson's are grown at the County Farm near Lake Worth, as well as the Experiment Station. The County Farm is an extension of the Everglades Experiment Station for the long vegetable fiber crops.

Pack your car with caution and care and you will have a joyous vacation trip.

In Service

Army Pvt. Paul D. Ray, son of Mrs. Myrtle Ray, Belle Glade, has been assigned to concrete asphalt and concrete equipment operation course at The Engineer School, Fort Belvoir, Va., Aug. 15.

During the summer, Ray received instruction in the operation and maintenance of various types of asphalt and concrete mixing and surfacing equipment.

The 18-year-old soldier entered the Army last April and completed basic training at Ft. Gordon.

The man in the faculty of hindrance all must agree that the success of this book is due to such a talent. But there were other talents at work, when it was written.

It is an appraisal of the two terms of President Eisenhower, and was a political advisor to Eisenhower in both campaigns, and a Presidential Assistant for a year of the first term. He served and respected himself at political odds, and in whom he found many contradictions.

Simply written, the book testifies to the assets its author must have been on the staff writing it. It is more than a summary of the two administrations, it is a treatise on the multitudes of ordeals faced by like, with whom he grew up, the office, and death. The

task found in the Kennedy chapters are as well expressed as the many detected in the previous eight years. Only the fault, of course, is your opinion, will you find this book worth reading, if you believe, as Hughes does, in the abiding responsibility of a free people to know itself.

Hornstein & Boy.
Robert Travers.

The hero of this one (copyright '62) is Robert Travers, alias Walt Dresler. As a small town lawyer, and ex-congressman to the Senate, spurned on by brilliant, egocentric Emil Hornstein, an ex-college roommate.

The late night political and social talk, and the political pages, but they are readable and often clever. The scene shifts from the hotel suite headquarters, and Negro rallies, to the small, bucolic setting of a Northern town, and the old-fashioned-type philosophy is sometimes recessed for romancing. The characters are long-winded, but their idealistic chatter is refreshing.

Organizational Meeting Tues. For Boy Scout Explorer Post

A Boy Scout Explorer Post is being organized under the sponsorship of the Belle Glade Lions Club. Boys 14 to 18 who are interested in becoming Explorer Scouts are invited to attend a brief organizational meeting at 7:30 p. m. Tuesday, Sept. 10 at the Civic Center. Parents of interested boys are also strongly urged to attend this meeting to learn some of the objectives of the Explorer program and the parents' responsibilities.

Mr. Emil Wolf has taken the position of Institutional Repre-

sentative and will represent the Lions' Club and the Explorer Post at the Gulfstream Boy Scout Council. The Post Advisor will be Tom Baker, Chairman, Travis Moore, Dick Hodges, Doug Congleton, Herman Close and Layman Hardman. Paul Goldsmith will be Post Advisor and will be assisted by Franklin Jones.

An Explorer Scout Leaders' training course has been set up for these men and any other interested persons are invited to participate. The first of

the organizational meeting, Paul and Lewis Glades District Luce, District Director of the Training Chairman, will conduct this course.

Teach Them Caution As They Go...

School bells this week are calling more than 50 million children to settle down to serious business of getting an education . . . OVER 4200 OF THESE IN BELLE GLADE!

Safety experts estimate more than 60,000 children will be hurt or killed going to or from school in the coming year . . . a tragic loss for families as well as this country which depends upon its young people of today for continued progress tomorrow.

Whether a child walks, rides a bicycle, takes a bus, or drives to school in the family car, there are certain precautions that will help prevent his having an accident.

If your child walks to school . . .

Children attending school for the first time should be told the dangers of daily traffic to and from school. Sit down and map out the safest route . . . Walk with him for several days to make certain he knows the route and helps safety rules . . . See that he understands the importance of following instructions of police or patrol boys . . . Learn how long it takes to walk the child's route so you may be alert to his expected arrival time.

If a child must cross streets alone, teach him to obey all traffic signs and signals . . . Cross only in marked crosswalks or intersections . . . NEVER JAYWALK or in the middle of the block, against a signal of light from behind parked cars . . . Wait on curb for cars to pass, then look both ways before crossing streets.

If you drive your child to school

Don't load or unload children across the street from the school.

Don't load or unload in the middle of a block.

Don't stop in crosswalk. This blocks the safest route across a street and hampers the work of patrol boys and crossing guards.

Keep command with children as passengers. Never permit rough play or moving from seat to seat while the car is moving. Teach all passengers to obey the rules of safe conduct in a car.

Car pools reduce congestion around a school. Take advantage of this idea to free neighbors' cars several days a week.

Never cut in front of a school bus in an effort to avoid having your child miss his ride. This foolish action endangers lives in your car and the bus.

Designate a place to meet your child after school to avoid confusion in heavy traffic. Work with school officials and PTA groups to establish a regular loading area for cars as well as buses.

If Our Child Rides a Bike

Teach him to obey all traffic rules and use special caution when near school or in busy traffic.

Pay extra attention to these common cyclist violations: failure to yield right of way; cutting in and out of moving traffic; disregarding crossing signals; improper turning and riding against traffic.

Bike stunts, carrying passengers and riding two abreast are taboo for safety's sake.

If Your Child Rides School Bus

Teach him the safe way to cross a street. Warn him never to trust an approaching motorist who may ignore the law that requires all cars to stop for school buses. Know the law in your state and teach your child accordingly.

Make certain your child looks both ways before crossing a street to a waiting bus.

Children should arrive at bus loading area early to avoid last minute dash to make the ride. They should board the bus without delay and obey the directions of the driver.

School Bells Again

Everyone's view of summer is different depending on his responsibilities, opportunities, and role in life. Many mothers very probably feel it has been long, noisy, busy and hot. But a good many million children and dogs probably find it hard to believe that three months could have sped so quickly and that the school doors are open once again.

The sounds and smells and experiences of summer vacation are still an important part of growing up. But there have been changes — the old swimming hole may have become a concrete-lined chlorinated pool. The automobile and airplane have vastly extended the scope of things that can be seen on a vacation trip. School has changed too, as the frontiers of man's knowledge have been pushed back so rapidly in recent years. The amount of knowledge that must be packed into the heads of children in grade school and high school has vastly increased.

As school bells ring again, let's salute our young people and those who guide them through ever more complicated fields of learning. In the great affairs of nations, in science, and in the complicated business of leading a good and worthwhile life, our need has never been greater for concerned, intelligent, educated men and women.

Agriculturally Speaking

by
JOHN CAUSEY
Associate County Agent
Glades Area

In this way we can prevent the "Frosty Agents." Office would like to remind all farmers that now is the time to take your claim for return of Federal tax on gasoline used on the farm. We have a pamphlet in the Glades Office Building that gives and instructions that you should use for filing this refund. This claim should be filed on before the 30th of September.

On September 11th the first in the series of Vegetable Growing "coffee" meetings will be held by the County Agent's office, in cooperation with the Everglades Experiment Station with the first meeting in Pahokee at the Elks Club, starting at 9:00 a.m. Your County Agent's office has been holding these meetings for three years with very interesting discussion on problems our vegetable growers are encountering. All vegetable growers are cordially invited to attend these informal discussions.

Last week in this column we discussed the value and acreage planted of our vegetable and sugar cane industries. I would like to add a few more facts to this report that was made to our Board of County Commissioners by your Agricultural Department as the value of the 1962-63 crop. According to the "Beef Cattle" \$17,000,000.00, Dairy Industry \$7,897,526.00; Ornamentals, which includes nursery plants, cut flowers, citrus and tropical fruit — \$14,000,000.00. Poultry — \$4,000,000.00. Egg Candler \$6,269,170.00; vegetables \$6,269,323.00, for a grand total of \$150,186,019.00. This compared with the total industry value of \$140,000,000.00. Data: Industry \$17,000,000.00, Dairy Industry \$7,897,526.00; Ornamentals, which includes nursery plants, cut flowers, citrus and tropical fruit — \$14,000,000.00. Poultry — \$4,000,000.00. Egg Candler \$6,269,170.00; vegetables \$6,269,323.00, for a grand total of \$150,186,019.00. This compared with the total industry value of \$140,000,000.00. Data: Industry \$17,000,000.00, Dairy Industry \$7,897,526.00; Ornamentals, which includes nursery plants, cut flowers, citrus and tropical fruit — \$14,000,000.00. Poultry — \$4,000,000.00. Egg Candler \$6,269,170.00; vegetables \$6,269,323.00, for a grand total of \$150,186,019.00. This compared with the total industry value of \$140,000,000.00. Data: Industry \$17,000,000.00, Dairy Industry \$7,897,526.00; Ornamentals, which includes nursery plants, cut flowers, citrus and tropical fruit — \$14,000,000.00. Poultry — \$4,000,000.00. Egg Candler \$6,269,170.00; vegetables \$6,269,323.00, for a grand total of \$150,186,019.00. This compared with the total industry value of \$140,000,000.00. Data: Industry \$17,000,000.00, Dairy Industry \$7,897,526.00; Ornamentals, which includes nursery plants, cut flowers, citrus and tropical fruit — \$14,000,000.00. Poultry — \$4,000,000.00. Egg Candler \$6,269,170.00; vegetables \$6,269,323.00, for a grand total of \$150,186,019.00. This compared with the total industry value of \$140,000,000.00. Data: Industry \$17,000,000.00, Dairy Industry \$7,897,526.00; Ornamentals, which includes nursery plants, cut flowers, citrus and tropical fruit — \$14,000,000.00. Poultry — \$4,000,000.00.
